

# ATS BASIC TRAINING

## COURSE SUMMARY

The course is designed as a first step towards a student FISO license. Our ATS Basic Training Course lays a foundation of theoretical knowledge and basic practical skills in accordance with regulation such as BL 6-96, BL 6-97 and Danish CAA ATS Common Core Content plus complies with EUROCONTROL specifications for the ATCO Common Core Content.

The content of the course covers aspects such as Air Traffic Management, Rules of the Air, Aircraft etc. required to perform as FISO. A national geography course may be delivered as part of the ATS Basic Training. The course contains basic simulation exercises supporting the trainee's transfer of theoretical knowledge into practical skills.

The modular course design offers the opportunity to customise course content to meet customer requirements – please contact us to discuss options. In addition, we provide the opportunity for flying lessons enabling trainees to develop a wider and deeper perspective.

GATE aviation training academy and the ATS Basic Training Course are certified by the Danish Civil Aviation Authority in accordance with national regulation BL 6-96 and BL6-97.
